DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.
2. The application has been amended as follows: **In the claims**: Please cancel claims 8-17.

Election/Restrictions

3. This application is in condition for allowance except for the presence of claims 8-17 directed to inventions non-elected without traverse. Accordingly, claims 8-17 have been cancelled.

Allowable Subject Matter

4. Claims 1-2 and 4-7 are allowed.
5. The following is an examiner's statement of reasons for allowance: Regarding independent claim 1, the prior art of record neither shows or suggests a deposition mask that forms a continuous organic layer comprising, in addition to other limitations of the claim, one or more protrusions that are provided on a body part, wherein the protrusions partly protrude inside one or more stripe-shaped openings, and wherein the protrusions are in a shape selected from the group consisting of a semicircle, a

semiellipse, and a polygon. Due to their dependency upon independent claim 1, claims 2 and 4-7 are also allowable.

6. The subject deposition mask described above is provided for forming a continuous organic layer common to a plurality of organic light-emitting devices of a display unit that has a matrix configuration constructed by a plurality of lines and columns associated with the organic light-emitting devices on a substrate. The design is new and unique to the art.

7. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
